İSTANBUL/TÜRKİYE

Ürünün Tanımı Description of the Product/Product Part	AYDINLATMA AYRACI/BRACKET LIGHTING FITTING
Markası Product Commercial Brand	NUVA AYDINLATMA
Ölçü Tipi Product Type	AYRACI AYRACI/BRACKET
Uygulanabilir Kİ Direktif(ler)i Applicable CE Directive(s)	2014/35/AB 2014/30/AB
Uygulanabilir Harmonize Standartlar Uygulanabilir Ulusal Standartlar Ve Teknik Özellikler/Standartlar Applicable Harmonized Standards/ Applicable National Standards and Technical Specifications	TS EN 60598-1
Rapor No & Rapor Tarihi Report No. & Report Date	QA-TR-160719-TR-02-2019

Yüksek gerilim için kullanılmaması gerektiği belirtilen bir aydınlatma ayracıdır. Bu aydınlatma ayracı sadece düşük gerilim için kullanılmaktadır.
This is a lighting fitting intended for use with low voltage. It is not intended for use with high voltage.
The product is not intended for use with high voltage. The product is only for use with low voltage.
Please refer to the technical specifications of the product for details of the product and its use.

By using this fitting in a high voltage area, the user is responsible for any damage or injury.
Using this fitting in a high voltage area is not recommended. The user is responsible for any damage or injury.
Please refer to the technical specifications of the product for details of the product and its use.

bu aydınlatma ayracı, düşük gerilim için tasarlanmıştır ve yüksek gerilim için kullanılmamalıdır.
This lighting fitting is designed for use with low voltage and should not be used with high voltage.

INSTALLATION INSTRUCTIONS

1. The installation of all electrical products should be undertaken with utmost care and a qualified electrician should carry out the work to ensure compliance with any local wiring regulations.
2. Always ensure that the mains electrical supply is disconnected before removing an existing luminaire and installing a new one.
3. Check the routing of electrical supply cable to avoid cutting it or damaging it during installation.
4. Make all electrical connections in accordance with the instructions attached to the luminaire itself following relevant local codes and regulations at all times. Ensure all connections are not loose with wire parts properly covered.
5. Ensure the light source is compatible with local voltage and follow any maximum wattage instructions shown on the product itself.
6. If you have any questions regarding the installation of this luminaire, please contact us.
